

D.O. No. 2921/DM(H&FW)91/VIP

स्वास्थ्य एवं परिवार कल्याण उप मंत्री

भारत

नई दिल्ली-110011

DEPUTY MINISTER OF  
HEALTH AND FAMILY WELFARE  
INDIA

NEW DELHI-110011

JUNE 17, 1991

सत्यमेव जयते

Dear Shri Jagannath Singh Ji,

Thank you for your letter dated 3rd June 91 regarding the development and promotion of fifth new Medical System of Electropathy.

On 22nd Feb. 1991 on your private Member Bill No.138/90. I gave an assurance in the Lok Sabha to constitute an Expert Committee to study the report submitted by the Inquiry Committee for the recognition of Electropathy. The Expert Committee was constituted, vide letter No.V 25017/4/90-R dated 16th May 1991.

( A copy of the same is enclosed herewith )

I have authorised N.E.H.M. OF INDIA, New Delhi-58 for the development Promotion and research of Electropathy in India.

With regards,

Yours Sincerely,

( DASAI CHOWDHARY )

Shri Jagannath Singh,  
Ex. Member of Parliament,  
69, North Avenue,  
New Delhi-110001.

Annexure - II

OFFICE OF THE  
DY. MINISTER OF HEALTH & F.W.

As detailed by the Hon'ble Prime Minister vide letter No.10,1084, 91-PMP-II, M dated 20.02.1991 regarding recognition of Electropathy System of Medicine in India. I have intimated the latest position in this regard to the P.M. on 24 June, 1991. This subject has been receiving attention in the Ministry of Health & F.W. as well as the Parliament. Shri Jagannath Singh, M.P., Lok Sabha, the Chairman, N.E.H.M. of India, C-2C, 123, 126, Pocket-12, Janak Puri, New Delhi has thrown sufficient light with regard to the promotion and development of the new "Fifth Medical Science electropathy" in India in its Private Member's Bill No.138, 90. During the discussion on this Bill in the Lok Sabha on 22nd February, 1991 I gave an assurance in the Parliament that necessary steps will be taken by the Government for the promotion and development of this new Fifth Medical Science in India. Accordingly an Expert committee has been constituted under the Ministry of Health & F.W. vide letter No.V.25017,4,90-R dated 16.5.1991. I feel that it should be the endeavour of the Govt. to encourage the promotion and development including research in every aspects of sciences including the medical science.

Recommendations are being received from various sources regarding the work done by "Natuvo Electro Homoeo Medico's of India, C-2C, 123, 126, Pocket-12, Janak Puri, New Delhi in the field of promotion, development and research in Electropathy. The N.E.H.M. of India, New Delhi has been working for the promotion and development of the new "Fifth Medical Science Electropathy". This is the only Organisation today which is serving the cause of Electropathy all over India.

It is being suggested that the Electropathy System of Medical treatment is cheaper as compared to other system of medicine. On 31.5.91 I visited the N.E.H.M. of India, New Delhi and observed its working and functions. I am fully satisfied with the working of N.E.H.M. of India, New Delhi and its efforts for the promotion and development of this new Fifth Medical Science.

In view of the position stated above the "Natuvo Electro Homoeo Medico's of India" C-2C, 123, 126, Pocket-12, Janak Puri, New Delhi may be authorised for the development, promotion and research of the new "Fifth Medical System Electropathy" in India. This Organisation may be asked to submit yearly progress report to the Ministry of Health & f.w. with regard to the promotion and development of this new medical science. Necessary orders may be issued in this regard.
